ADDENDUM NO. 1

Frances Napoletano, Building Maintenance Superintendent, reports that his crew removed-Bus Shelter No. 3 (Building 343) and took it to the Laneview School (139) storage yard about a month before the start of construction on the widening of Neil Avenue - Twelfth Avenue intersection on the west side of Neil Avenue.

William McAllister, an engineer in the Office of Physical Facilities, was responsible for the construction project. He reports that this was done in the summer of 1977, and confirms that Building 343 had to be removed on account of this project.

See Building S 99 for another bus shelter on Twelfth Avenue east of Neil Avenue.

ADDENDUM NO. 4

For greater clarity, this addendum will start with the original building numbers, names, and addresses shown in Item 2.1 on the first page of this report, and summarize changes to date.

Building 341 was moved in May 1980 (see Addendum No.3) to 730 Stadium Drive. Campus Planning records now show 628 Woody Hayes Drive as the address.

Building 342 was originally called Bus Shelter No.2. It is now called Bus Shelter No.4 in Campus Planning records and is designated as Building 344. The building was moved in April 1984 to a location opposite Stillman Hall (Bldg. 084). See map below.

The address at the new location is 1930 College Rd. (P)

Building 343 was moved in the summer of 1977 (See Addendum No.1). In April 1984 the new transmitter building in Westerville was erroneously designated as Building 343 by Campus Planning. The error was corrected later in the month.

Building 344 was moved in May 1980 to 733 Stadium Drive (See Addendum No.3). The address has now been changed to 629 Woody Hayes Drive and the building number in Campus Planning records has been changed to 342.
